

Description du lieu

Having acquired an apartment (of the Haumannian type, dated 1891), I restored it by giving it back its original appearance. Then I had the moldings redone and furnished this apartment with authentic French furniture, mirrors and paintings from the 17th, 18th and 19th centuries, as it was done in the 19th century. Nevertheless, I have made the decoration much more light to match the tastes of our time. As I am curator of the museums of France in parallel (for my professional life), this apartment offers you a guarantee of authenticity for your films and video.

Cinedecors SARL à Capital Variable au capital initial de 12 150 Euros
